

OUTIS DE VEILLE

POUR LE PROJET MENU MAKER J'AI DU FAIRE DES RECHERCHE SUR DES OUTILS DE VEILLE
JE VAIS VOUS EN PRÉSENTER QUELQUES UN AVEC LEURS AVANTAGE ET INCONVÉNIENTS

01

02

03

feedly

Avantages:

- Organisation facile
- Agrège les flux RSS
- Interface conviviale

Inconvénients:

La version gratuite a de grandes fonctionnalités réduites

Avantages:

- Gratuit
- Facile à utiliser
- Notification par e-mail

Inconvénient:

Limité en termes de sources et de personnalisation

Avantages:

- Agrégation de contenu multiples
- Facilité d'utilisation
- Collaboration et diffusion

Inconvénient:
Personnalisation restreinte

J'ai choisi Wakelet comme outil de veille voici pourquoi

01

02

03

04

Totallement gratuit

Facile d'utilisation

Permet d'enregistrer
d'organiser et de
diffuser
en quelque click

A une très grande
base d'utilisateur et
de données

En bref c'est un outil très utile pour rester à jour sur son secteur d'activité et pour diffuser des informations

Themes de veille:

The image shows a mobile application interface for managing news clippings. At the top, there's a navigation bar with icons for search, explore, library, bookmarks, collections, and shared items. Below the bar, a profile section shows a user icon with the letter 'J', the name 'Julia AROUX', and the handle '@JuliaAROUX7244'. To the right, it indicates '3 items' and a like button.

The main content area is titled 'VEILLE' in large capital letters, with the subtitle 'outils de veille pour Menu maker' below it. It features three cards, each representing a different theme:

- Javascript**: A yellow card with the text 'Javascript' and a large 'JS' logo.
- CSS3**: A card showing a snippet of CSS code.
- HTML5**: A card showing a snippet of HTML code.

Each card includes a 'Wakelet' logo, a three-dot menu icon, and a like button at the bottom right.

Wakelet interface showing a dashboard titled "VEILLE" (Watchlist) containing three items: "Javascript", "CSS3", and an unnamed third item.

The left sidebar includes a search bar, explore section, my library, bookmarks, collections (highlighted with a red box), and shared with me sections.

The top right features a "Share" button (highlighted with a red box), a "Design" button, and a "..." button.

The main content area displays the following items:

- Javascript**: A Wakelet item featuring a yellow icon with the letters "JS".
- CSS3**: A Wakelet item featuring a dark background with white code snippets.

At the bottom left is the URL: <https://wakelet.com/wake/dRclQ47qQX3LTcgrmFfA5>. At the bottom right is a "Help" button.

webpack

webpack

webpack is a module bundler. Its main purpose is to bundle JavaScript files for usage in a browser, yet it is also capable of transforming, bundling, or packaging just about any resource or asset.
